

## CAREER PROFILE

# IT Business Analyst

CHS is the largest cooperative in the United States and one of the biggest names in **agronomy**, energy, and grain processing. CHS IT business analysts assure quality and improve aspects of the business to insure efficiency, cost-effectiveness, and business development.

## WHAT IS AN IT BUSINESS ANALYST? <sup>1,2</sup>

**IT business analysts** are responsible for assuring the quality of CHS's **IT** products and services. They analyze data to inform business decisions and find technical solutions to the company's needs. They work with the goal of automating processes to make the business more efficient for the benefit of its member owners.

## CAREER OUTLOOK<sup>3</sup>

The job outlook for IT business analysts is projected to grow at the average rate. CHS utilizes these professionals across the globe!

Projected job growth: 7% (2020–2030)

Median annual salary: \$93,730\*

**\*Note:** Listed salary amounts reflect national medians and should only be used as a reference. Compensation can vary due to a variety of factors ranging from location, industry, cost of living, years of experience, and more. You should expect to discuss salary on a job-by-job basis.

**AGRONOMY:** The science behind soil management and crop production.

**IT:** Short for “information technology”—the study or use of computer systems for storing, retrieving, and sending information.
